Sir:

PRELIMINARY AMENDMENT

Prior to the examination of the application, please amend the application as

follows:

In the Claims:

Please delete claims 1-29 and add the following claims 30-112 as follows:

30. A transmitter adapted to transmit a signal to a mobile unit while the

transmitter has a motion relative to Earth along a predetermined path and in accordance with an

anticipated motion of the mobile unit, wherein the motion of the transmitter is controlled

independently to the anticipated motion of the mobile unit.
